

MAGNOLIA 'Teddy Bear'

- Beautiful Screening Plant
- Excellent as a trimmed
- Ideal tub Plant
- Stunning Feature Tree

Magnolia Teddy Bear is a very compact grower with an upright, conical habit.

Teddy Bear has small to medium, shiny, dark green oval leaves. The leaf back is reddish brown and heavily felted.

Produce lovely fragrant white flowers 150-200mm wide.

This wonderful magnolia blooms best and retains its compact, conical shape when grown in part shade to full sun.

HEIGHT: 3-4m **WIDTH:** 1.5-2m
ASPECT: Part Shade to Full Sun
