ACACIA COGNATA DWARF

Dazzler

“ADD SOME MAGIC TO YOUR LANDSCAPE”

ABRA KADABRA... INTRODUCING... ACACIA DAZZLER!

Acacia Dazzler® is a hardy, dwarf, native shrub growing to approximately 80cm x 1m, featuring dazzling, vibrant green fine foliage creating an *illusion* of a soft compact mound.

Acacia Dazzler® is a perfect addition to your garden or landscape, the fine foliage adds texture and a softening effect to the garden. Acacia Dazzler® is a very hardy shrub, having a low water requirement once established. Prune as required and fertilise annually with a long term slow release native fertiliser.

Prefers a sunny or partly shaded position in free draining soil, frost hardy and drought tolerant.
